

Is Your Church experiencing financial challenges? Could it use a financial boost?

Or are you looking for proven ways to breathe new life into Stewardship and increase funds for Ministry and Mission?

If so, the Academy for Church Finance is for You.

Founded on the proven results of our Financial Leadership Academy for clergy, this new program brings laity and clergy together – up to 5 people from your church.

We meet 4 times over 2 years, fostering a team environment in which our coaches and your leadership develop and implement an immediate Action Plan for YOUR church.

We teach new ideas, hold each other accountable, and build the momentum that will lead you to real success.

Let us help you bring your church into the 21st century.

Space is Limited to 20 Churches at each location
